

Growing from acorn to Oak Tree

Together, we can nourish this seedling foundation, helping it grow into a giant tree capable of offering shade and support to others in need. Please help us build on the good memories Abi left behind by offering your support.

Ways to help this foundation

- Sending your generous financial contribution to the Foundation
- Asking others to donate time or funds to the Foundation
- Helping to sponsor Foundation events and programs.
- Volunteering to help organize or participate at a Foundation event
- Promoting good communication in all aspects of your life

Send donations to:

Abi Kattel Memorial Foundation
12197 Sunset Point Circle
Wellington, Florida 33414
USA

ABI KATTEL MEMORIAL FOUNDATION

*"Those Who Live in the Hearts of
Others Never Die"*

Abi Kattel 1983-2005

The Abi Kattel Memorial Foundation was established by Bijaya, Archana and Ajay Kattel in memory of their beloved son and brother, Abi. He was just 22 when he died on Dec. 19, 2005, in Orlando, Florida. This foundation was launched knowing that **"Those Who Live in the Hearts of Others Never Die"**, to honor and remember Abi's understanding, compassion and acceptance. In this approach, his dreams, beliefs and aspiration will live on.

“Abi Kattel’s philosophy of life”

Abi was a well-respected member of a society for his benevolent behavior. The people who knew him, Abi’s infectious smile and positive attitude were the best reflections of how he believed life should be lived. It showed that Abi took true indulgence in working hard to help others, regardless of their age or background.

This Foundation is dedicated to Abi’s philosophy by promoting diverse projects that bring happiness, health and quality life to others. This includes scholarships, educational outreach, and programs benefiting the homeless, blood donation, and youth sports and youth communication.

The Foundation

- Provides scholarship and grants to students attending an accredited college or university inside the United States or beyond its borders. On October 16, 2006, the first announcement was made to award a scholarship to a college-bound student through the Florida Nepal Association.
- Provides a grant to cover travel and living expenses for one high school student participating in national championship (like sport or debate or spelling contest, etc.) event.
- Provides a grant to a child attending the summer camp program at the YMCA of Boynton Beach, Florida where Abi worked.

For information and application form, visit the website at Abikattelfoundation.org.

Actions make a difference

The Foundation will sponsor an annual event benefiting the homeless.

At the first event, 190 people were served lunch through St. Ann’s Homeless Center on Dec. 18, 2006.

Open communication can help save young lives

The Foundation will provide counseling to youth and young adults to help them realize their lifetime goals and aspirations.

Super Soccer Saturday

The Foundation will sponsor an annual soccer tournament held on the day before Super Bowl Sunday called “Super Soccer Saturday”. The winning team of the tournament will be presented the Abi Kattel Memorial Trophy. The trophy was first presented to the winning team Florida Chautari at the inaugural tournament held on Feb. 3, 2007 between the Tampalese and Florida Chautari teams.

There is a story for every drop of blood

The Foundation will sponsor an annual blood drive on each December to benefit the needy people through Florida’s Blood Center. Following the first event held on Jan. 7, 2007, the Foundation was presented with an award for its life saving efforts. Abi regularly gave blood, and he believed in the lifesaving gift that could be given, one-pint at a time.

Our visions

To support and enlighten others, especially young people, on the importance of life, diversity, understanding, service and respect.

To develop an environment in which young people can communicate their problems and work toward solutions.

Our Mission

To support diversity programs in education, and to help organizations to establish environments where people feel valued despite their differences.

Our Goals

To support efforts to encourage all people to accept the different stages of life in all its intricacies. To understand what causes young lives to be cut short and support communication efforts to prevent more deaths.
